Protect Farm Trees

There are several methods that have proven satisfactory in protecting young trees against rabbits and other animals. Tar paper may be wrapped around the tree, or chicken wire may be stretched to circle the tree.

An effective guard may be made from discarded garden hose, which may then be wrapped around the young trees. This guard may be used year after year, requires no fastening as the hose will always retain its cylindrical shape.

The use of paper is not generally recommended as it will not last long and some animals will find little difficulty in chewing through the tar paper.

Rabbits Prove Big Forage Consumers

Young jack rabbits consume some dry feed as early as five days after birth, according to Arizona station studies. Following weaning, at three weeks of age a rabbit consumes an average daily ration equal to 2 to 4 per cent of its body weight. From 5 to 14 weeks of age, the feed consumption averages 6 per cent of the animal's weight of the animal.

They reach their maximum food consumption between 14 and 26 weeks of age. On this basis, it would not take many rabbits to clean up an acre of growing crops.

Harvesting Asparagus By Improved Method

In the past asparagus spears were cut by using specially designed knives. The spear was cut from ½ to 1½ inches below the surface. Specialists at Michigan State college say that this is all wrong. By holding the new growth of asparagus just below the tips between the thumb and finger it can be broken off down to the tough part. Grower will get a premium for asparagus so harvested.

Not Guilty

With a grinding of brakes, an army officer pulled up at the side of the road.

"Say, sonny," he called to a small boy standing nearby, "have you seen an airplane come down near here?"

"No, sir," declared the boy defensively, hiding his slingshot behind his back. "I've just been shooting at a bottle."

A Bit Crowded

Severely jostled in the thundering herd of New York's subway rush hour, a fragile young lady was finally crammed among the standees. Her sense of humor was not impaired, however. She poked her face close to the ear of an adjoining male.

"Look," she demanded tartly, "my rib—is it crushing your elbow?"

Time Makes Changes

An old man one day neglected to assist his wife into the street car. "John," she said reprovingly, "you are not so gallant as when you were a boy." To which he replied, "No, and you are not so buoyant as when you were a gal."

Looks Aren't Everything

The doctor came out of the bedroom to the anxious husband. "Frankly," he began, "I don't like the way your wife looks at all."

"Well, Doc," replied her husband, "I don't care much for her looks myself. But she always took good care of the kids and me, so I figure it's worth it."

A message to VETERANS

OF WORLD WAR II

FACTS ON YOUR RIGHTS IN BUYING SURPLUS PROPERTY

To improve veterans' priorities in the purchase of war surpluses, Congress has amended the Surplus Property Act. So that you as a veteran may have the facts direct, the War Assets Administration is taking this means to address you.

WAR ASSETS ADMINISTRATION
WASHINGTON 25, D. C.

May 3, 1946

TO ALL VETERANS OF WORLD WAR II:

As a veteran you are anxious to get all the benefits you can from war surplus. It is our desire to give you every possible preference, under the law, in purchasing the items you want.

By amendment to the Surplus Property Act of 1944, the War Assets Administrator has been authorized to reserve certain items for exclusive sale to you. They are listed below, but in fairness, we must tell you that quantities are not large, the demand is tremendous and you may not always be able to buy exactly what you want. Every veteran, however, will have the satisfaction of knowing that all items placed on the reserve or "set-aside" list are going to veterans like himself.

Subject to availability, you may purchase these items for your personal use, as well as for your business, professional, or agricultural enterprise. You may be sure that only World War II veterans will be entitled to purchase them.

The amended Act contains a second provision that further improves your buying position for your business, professional or agricultural enterprise. For items not included in this list, only Federal agencies buying for their own use may purchase ahead of you. This gives you, for business use, an advantage over State and local governments, tax-supported institutions, certified non-veteran small business enterprises and all other potential buyers except Federal agencies. For a specified period after the Federal agencies have had an opportunity to purchase surplus, all available items which do not appear on the reserve list will be available to you to purchase for your own business.

Under the amended Act you still must be certified to purchase war surplus, as thousands have done since the original Act was passed. The certification procedure has now been simplified, as explained at the right.

The War Assets Administration will make every effort to see to it that you receive the benefits Congress intends you to have. Your patience and cooperation will aid in the difficult task we face in trying to satisfy the needs of every veteran who wants to buy surplus property.

THE ADMINISTRATOR

What is set aside for you

The property listed at right is reserved for exclusive sale to veterans of World War II. These are the items in greatest demand by veterans. Large quantities are not available. You may have to wait some time before purchases can be made. So many veterans may already be ahead of you that you may not be able to make your purchase. But you may be sure that only veterans will have the opportunity to buy "set-aside" items.

HOW YOU CAN QUALIFY FOR YOUR PRIORITY

If You Are Already Certified:

Thousands of veterans of World War II have already been certified to purchase surplus items. Such certifications remain valid and may be used to purchase items for which you are certified whether the item is on your reserve or "set-aside" list or on other surplus lists. You will be notified either by mail or by public local announcement where and when to make purchases.

If you are not certified, or if you wish to change your certification to items on the "set-aside" list:

STEP 1. Take your honorable discharge from the armed services of World War II and apply at any of the offices listed below for a veteran's certificate for the item you desire.

STEP 2. Wait for mail or local public notice that the item for which you are certified is available and may be purchased. You may be sure that you will be notified and that you do not need to call in person to check on availability of the items you wish. You will be told where and when to buy.

STEP 3. Make sure that you follow up promptly the notice of availability when it reaches you by either mail or public notice.
